“Vision Becomes Reality”

Pre-Forum Break-Out Session

Fri April 16

(Sponsored by the *St. Margaret's Bay Chamber of Commerce*)

To All Chamber Members

This is a special note of invitation to our Chamber Members to attend a break-out session, sponsored by the Chamber, to bring all stakeholders (businesses and landowners) in the Tantallon ‘Village’ Visioning Project together prior to the Friday evening Community Forum event scheduled for Apr 16th. This year’s Forum is entitled “Vision becomes Reality” and is the result of three years of community visioning and discussions in response to change in our area.

The Forum itself will unveil a new draft ‘village’ concept for the Upper Tantallon cross-roads area prepared by the community in cooperation with HRM planners and area Councilors. More details and a history of the process are available on the Stewardship’s website, www.heartofthebay.ca, under "Village Forum", or on the Chamber website at <http://www.baychamber.ca/home/content/view/88/27/>.

The break-out session, a "wine and cheese party", will be held at 4-5:30 on Friday, Apr 16th to bring together local businesses, landowners, and developers and provide an opportunity to meet associates, to network, to assess new ideas and proposals, and to meet with Forum keynote speaker Andy Fillmore, coordinator of the ongoing “HRM by Design” process.

You are invited to attend this Break-Out Session, in addition to the Forum itself, to discover what the community has accomplished to date and to provide opinions and concerns about how the potential changes may affect the area and your businesses. We want all to understand why change is happening, who is guiding it, how it will affect all concerned and, most of all, we want what does come to reflect our community values and desires.

“We are now at the Crossroads”

Please plan on attending. Your opinions and concerns count!

John Glover
President
St. Margaret's Bay Chamber of Commerce

IMPORTANT

As we need to track anticipated attendance, please RSVP to guy.arsenault@baychamber.ca for your free “VIP” ticket and information package.
